

# NMI KNOWLEDGE SEMINAR

NMI & Negwer Materials invite you to an AIA-accredited presentation exploring standards and methods of architectural surfaces and sound control in retrofitted spaces.

Guest Presenter:

Thursday, April 23, 2009 • Two Locations and Times Now Offered

## Standards and Methods of Architectural Surfaces and Sound Control in Retrofitted Spaces

This AIA-accredited course was developed by 3M to address its Di-Noc product line and will be augmented with product information from Tranquility, a new and exciting solution from Stanza Architectural for sound control in existing spaces, and Belbien architectural films, which can be applied to any surface.

### **Wehrenberg Chesterfield Galaxy 14 Cine**

8 to 9 a.m. - Complimentary breakfast provided  
450 THF Blvd. • Chesterfield, MO 63005

### **Engineers' Club of St. Louis**

Noon to 1 p.m. - Complimentary lunch provided  
4359 Lindell Blvd. • St. Louis, MO 63108

A certificate for one CES will be distributed upon completion of presentation.
