February 11, 2022

Dear Tremco Customer,

The purpose of this letter is to inform you that we will be implementing a price increase effective April 1<sup>st</sup>, 2022. See detailed table on page 2 for impacted products. Please note that the current silicone surcharge will expire at that time.

There continues to be significant inflation and supply constraints related to the manufacture and supply of our products, including raw materials, labor, and transportation. We have and will continue to explore every opportunity available to us to mitigate the impact to you including ongoing negotiations with our suppliers, cost reduction actions and supply chain productivity improvements.

Our goal during these unprecedented times is to continue to be your supplier of choice, never compromising the quality of our products or service. That includes passing along responsible price increases when all other options have been exhausted to ensure continuity of supply.

Orders placed prior to April 1, 2022 and shipped within our standard lead time will invoice at pre-increase prices.

We value and appreciate your business and thank you for your continued confidence in Tremco as we work through these difficult times together.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dave Maynard', written in a cursive style.

Dave Maynard
