

PRICING BULLETIN

November 19, 2021

Dear Marlite Customers,

Key raw material components of Fiberglass Reinforced Plastic (FRP) Panels continue to be plagued by cost increases. Coupled with constraints in the supply chain and shortages in transportation, Marlite needs to alter prices on the following products to reflect these extraordinary conditions:

- Standard FRP Panels 7%
- Artizan™ FRP Panels 7%
- Symmetrix™ and Symmetrix™ SmartSeam FRP Panels 7%
- Induro™ FRP Panels 7%

The new prices are effective on Monday January 3, 2022. Existing prices are effective on all orders of typical volume placed on or before Thursday December 30, 2021 and shipped within normal lead times.

We are hopeful things will begin to normalize in 2022. At least in the short term, we project constraints and challenges continuing.

Sincerely,

Greg Triplett  
Vice President – Sales & Marketing
