

April 23, 2026

Grabber Customers,

Grabber Construction Products is announcing Price Increases and a Fuel Surcharge Price Increase.

Grabber Fastener Price Increase

- The Price Increase will be implemented on 2 dates:
 - All Grabber and Scorpion brand fasteners, both bulk and small pack, will increase 6% on June 8 and then increase another 6% on October 12
 - All Grabber collated fasteners will increase 8% on June 8 and then increase another 8% on October 12

Adhesives Price Increase

- Grabber brand Adhesives and Caulks (GSCSF, GDWAW, GDWAV, GSFAW, GSFAV, etc.) will increase 8% effective May 25
- Titebond brand Adhesives will increase 8% effective May 25

ITWCCNA Price Increase

- **The following price increases will be effective May 25**
- Ramset Powder and Gas actuated Tools and Fasteners +5% (Powder Loads excluded)
- Tapcon Screws and Anchors +10%
- Buildex Screws +4%

Fuel Surcharge Price Increase

- All products sold by Grabber with the exception of the Adhesives products and ITWCCNA products covered by the above price increases will have a 3% fuel surcharge price increase applied effective June 8
- This increase will re-evaluated when the price of oil returns to pre-war levels

The fastener price increases are necessary because of continued changes in US tariff policy. Further changes beyond those currently known are possible. The adhesives price increases and the fuel surcharge are necessary because of the rapid increase in the cost of oil.

We appreciate your continued support of Grabber.
